Jefferson Memory Care
A happier life for everyone...

Administraton Corner

Jeremy Wiese, MHA
jwiese@bluffviewmemorycare.com

With the beginning of a new year, I would like to welcome a new addition to the management team. Tim Loesing has accepted the position of assistant Administrator at Jefferson Memory Care. Many of you already know Tim as he has been working within the building for the last few years both on NOC and AM shift. He will be transitioning from floor staff into his new role early in the New year.

Tim currently lives in Johnson Creek with his family. He received a Bachelors in Education from UW-Whitewater, is a member of the Johnson Creek fire department, and is a former member of the National Guard. We are excited to welcome Tim to the management team. Any questions or concerns please feel free to drop in or give us a call 920-541-3520.

Happy Holidays to all!

SHINING STAR JANUARY

Brian Rudoll, RCC3

January's Star employee of the month is Brian Rudoll. Brian has been working at Jefferson Memory Care almost a year now and is a great addition to our team! He goes above and beyond with picking up hours and filling in whenever needed! He works hard and always has a positive attitude. He's a loving father and husband and has huge family involvement in his life. We are so lucky to have gotten to know him on a work and personal level! Brian, thank you for all you help out with and we can never say how much we appreciate you on a daily basis! Congrats Brian, and a huge thank you for all you do!

Resident Health Services, Tabitha Martin, RN

Happy New Year to all of our families and residents in our community here at JMC. There have been quite a few questions and some confusion regarding new services we are offering here at Jefferson Memory Care. Healthdrive is a company that many of you have possibly received paperwork from, this is a new company providing a range of services for our community including optometry, audiology, dentistry and podiatry. They have been and will continue to schedule dates throughout the coming months to provide these services in house. We are very pleased to have them on board as it is highly beneficial for dementia residents to not have to leave the building for doctor appointments as this can be disorienting, disrupt their routine and can expose them to illnesses while sitting in waiting rooms that they could have otherwise avoided. This opportunity allows us to ensure comfort and comprehensive care at home here at JMC. These services are billed through Medicare, Medicaid, or private insurance and please rest assured that no services that will render an extra cost will be provided without first discussing options with family and financial POAs. If you would like updates on the services being provided and when, please feel free to reach out to any of the RHCs or RN for more information. Thank you for trusting us with the care of your loved ones, have a safe and wonderful new year!

In Remembrance of Donna H.

Pictured below is Deadwood, loving husband of Donna H. who was an amazing resident at Jefferson Memory Care for several years. She absolutely loved "Weinie Dogs" and this picture was a donation from Jefferson Memory care to them in loving memory of Donna. She will be missed!

Enviromental Services, Bruce Fuller, Enviornmental Services Coordinator

Hello Friends and Family,

Many of you have probably met Barb and Ruth already, but if not, we are very pleased to welcome two new members to the Environmental Services Team. Barb and Ruth are people people, the kind you hope to find as caregivers. Their primary roles are focused on our residents happiness and health in relation to housekeeping & Laundry. This also puts housekeeping on the floor six days a week and takes some pressure off of our awesome Care Staff. It's a win win for everyone, especially our residents!

As we wind down the holiday season and pack up the decorations we turn our focus on the Spa. Tabitha has some great ideas how to enhance the spa experience and Environmental Services plans to help any way we can. Fun things are going to happen in 2019!!!

RESIDENT OF THE
MONTH

Our Resident of the Month for January is Carol L. Carol has been at Jefferson Memory Care for nearly two years now and makes our facility whole! She has a loveable attitude and contagious smile. She loves playing dice and cards and you can always depend on her for anything musical! She loves to visit and talk about her past with anyone she can, her stories are the best! We couldn't go on without her here! Congrats Carol! Thank you for choosing us!

Notes From Dietary
Shareen Kinateder, Nutritional Services Coordinator

Happy New Year!

Winter is officially here, and we all know it's going to snow eventually! Nutritional Services is ready to serve our favorite soups. We have new faces coming to the kitchen, they are looking forward to getting to know the residents! There are more visitors this time of year, so please eat all your vegetables! They have vitamins & minerals that will keep your immunity strong. So you can fight off the visiting germs as well. Here's to a New Year, making new memories, and new friends!
